

SOUL STRATEGY

WITH NICOLA BULLOCK

Creating a Soul-Led Business that aligns to your unique path requires a Soul Strategy to get you there. For the past 20 years I have led 100's of entrepreneurs, creatives, corporations, not-for-profits in establishing strategic plans and measures to move them towards their goals, however strategy is only 1 piece of our success when we zoom out to embody a more wholistic approach.

Whether you are just beginning your soul-led journey or have been leading from this place for years, our unique opportunity is in creating plans that allow more of us to show up fully in wholeness.

May this journey be filled with inquiry, blessings and the most abundant surprises.

THE STRATEGIC PLAN

Strategic planning is a series of setting targets towards your goals. As we have gone through the work of identifying our vision, capacity and lifeforce, we anchor into strategies that allow us to take small steps towards them.

We bridge our passion - our capacity - our commitments - our goals.
It is a vibrant & whole ecosystem that supports overall thriving.
